

## Solid Sawn Fumed White Oak

The beauty of White Oak, the stability of Vintage Solid Sawn combined with a process called “Fuming” that produces the “color” to penetrate through out the top lamella. Creating a very beautiful, stable and unique floor, which looks a lot like Black Walnut. This fuming process also makes the White Oak more stable. Compared to a dark brown stain on top of a white wood, scratches and dents will blend in more with the fumed oak, since the colour goes through and is therefore a great choice for both residential and commercial applications.

Edgeline - Available in 7"

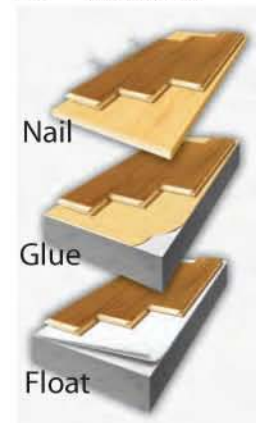

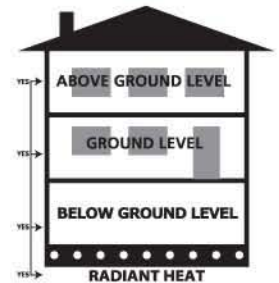

Old Oak - Available in 5" & 7"

## Product Specifications

Product Type:	Structured Solid Sawn™
Product Species:	White Oak
Product Colors/Styles:	Old Oak and Edgeline
Product Width:	5" & 7" in Old Oak and 7" in Edgeline
Product Grade:	Character (Fumed)
Face Thickness:	5 mm Solid Species
Core Layer:	9 mm Solid Finger Core - Same or alike species
Back Layer:	4.5 mm Solid Finger Core - Same or alike species
Product Construction:	Solid sawn
Installation:	Nail, Glue or Float
Coating Type:	25% Pearl (Low Gloss), Oil Finish by S/O (10%)
Structural Warranty:	Lifetime Structural Warranty
Lifetime Stability Warranty:	Relative humidity must be maintained between 30-80%
Residential Warranty:	25-Year Wear Warranty for Polyurethane Pearl finish No Wear Warranty for Oil Finish
Commercial Warranty:	3-Year Wear Warranty for Polyurethane Pearl finish No Wear Warranty for Oil Finish
